

HVAC

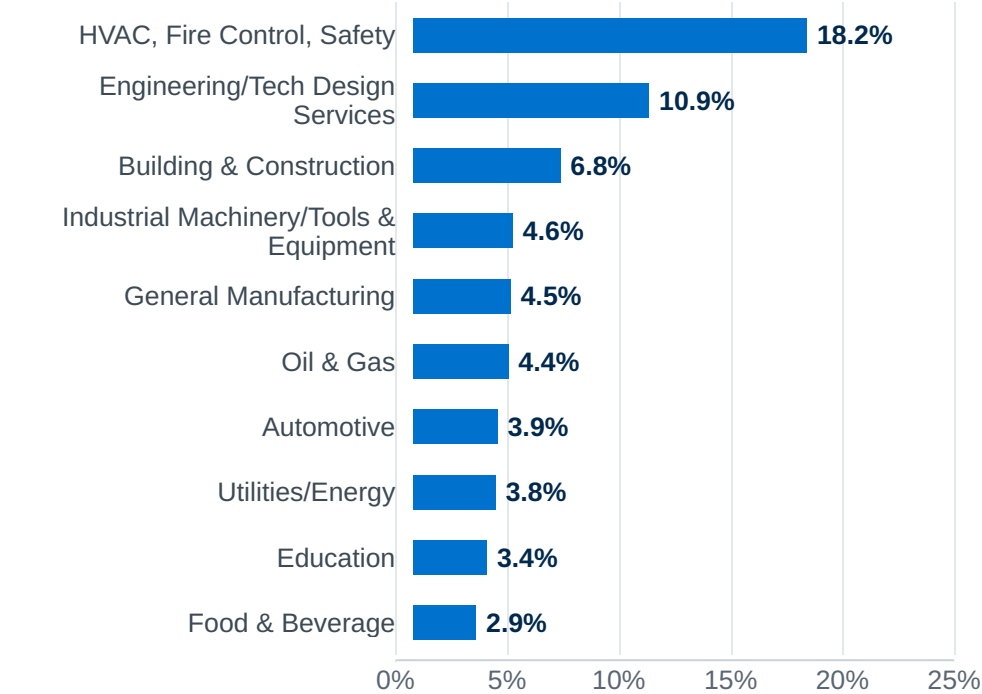

GlobalSpec's HVAC newsletter covers all areas of the climate control discipline, providing important information on all branches of the refrigeration, air conditioning, and heating industry (residential, commercial, and industrial). This newsletter also covers the latest trends in energy-efficient HVAC design, indoor air quality management, and the integration of smart technologies for building automation.

*Percentages do not equal 100% because some subscribers did not complete the country field during registration.
 †Target circulation is a subset of newsletter subscribers to this title. Dormant and disengaged subscribers are suppressed from sends and an additional curated audience that includes behaviorally targeted readers is included. Due to the nature of these groups, exact number will vary by issue.
